UNIONISTS CHEERED.

Returns Disappoint Liberals.

Mandate from Country Less Convincing Than Was Hoped for.

Irish Party Will Be in Position to Dictate Legislation.

Fifteen Votes Gained for Opposition in Yesterday's Balloting.

[ASSOCIATED PRESS NIGHT REPORT.]

LONDON, Jan. 20.—The status of the parties, according to returns received up to date, in the general election, follows: Unionists, 133; Liberals, 107; Laborites, 29; Nationalists, 53. Gains—Unionists, 71; Liberals, 10; Laborites, 2; Nationalists, 1.

Returns received today from sixty-eight seats, of which fifty-six were polled Wednesday, and twelve Thursday, show the following results: Unionists, 34; Liberals, 18; Laborites, 7; Nationalists, 1.

Thirteen of the Unionist gains were in county seats, one in Scotland, and one in Wales. If the Unionists gain twenty-two of the 148 remaining seats, the government will be dependent upon the votes of the Nationalists to legislate.

ROCK-RIBBED CONSERVATISM. The old-fashioned English country people with their rock-ribbed conservatism, their reverence for the nobility and their prejudices against the new-fangled socialists, were heard from today, and they gave a decided boost to the conservative stock.

Through the Daily News, it is reported that the Liberal government will return to power with a less convincing mandate for its policies from the country than it counted on. If the present tendency prevails among the rest of the voters the next few days, its allies, the Laborites and Nationalists, practically will hold the balance of power, and the Irish party particularly will be in a position to dictate legislation.

The proposal to reform the House of Lords counted strongly among the Unionist people, perhaps more strongly than did tariff reform.

Respect for the old institutions is more deeply rooted there than in the cities, with their labor unions following socialist innovations, which are regarded with suspicion in the rural districts of Scotland and Wales, where non-conformists abound, stand by the Liberal party.

VOTE IN LONDON. The results of the polling for fifty-eight seats yesterday were announced today, and forty-seven more seats were estimated today, but returns from less than half of the latter have been reported tonight. London's last borough gave its verdict in favor of a Unionist, Westminster electing W. L. A. B. Burdett-Coutts, with his majority nearly doubled.

The metropolis has thirty-four Unionists, twenty-six Liberals and two Laborites, whereas, in 1906, thirty-eight Liberals were elected in London, twenty-one Unionists and three Laborites.

The popular vote in 1906 was: Unionist, 28,347; Liberal, 25,310; Laborite, 25,472.

The popular vote this year in London is: Unionist, 23,778; Liberal, 25,121; Laborite, 20,044.

J. H. Henniker, "Father of Penny Postage," retained his Canterbury seat by only twenty-one votes, having an Independent-Unionist competitor.

Capt. H. Spender Clay, Unionist, whose wife is a daughter of William Waldorf Astor, defeated the late Liberal member, A. P. Hodges.

The Rt. Hon. A. Ure, Attorney-General, was elected.

TEMPTATION TOO GREAT.

"Army of Unemployed" Treasurer Gets \$5 Real Money and Vamoose.

[BY DIRECT WIRE TO THE TIMES.] CHICAGO, Jan. 20.—[Exclusive Dispatch.] Has the treasurer of the Brotherhood Welfare Association, otherwise the "Army of the Unemployed," violated the rules of the organization and gone to work? Has he vamoosed with the treasury? Members of the organization fear the latter theory is correct and they are fearful in consequence. Ten days ago the treasurer, James Gregory, received a donation of \$5.50 from some mysterious source, and he has not been seen since. Neither has the donation or the balance of \$5.50, which was in the treasury before the last donation was made.

AGAIN. HOCKING POOL IS TO BE PROBED.

EXCHANGE GOVERNORS SUSPECT CHICANERY.

Third Firm Falls as Result of Sensational Coal Stocks Manipulation. Affairs of All to Be Investigated. Procedure in Rock Island Case May Be Followed.

[ASSOCIATED PRESS NIGHT REPORT.] NEW YORK, Jan. 20.—Roberts, Hall & Criss of New York and Cincinnati were forced to suspend as members of the New York Stock Exchange today following the failure yesterday brought about by the collapse of the Columbus and Hocking Coal and Iron pool.

Hugh F. Criss was the board member of the firm and had charge of the Hocking pool on the exchange. He estimated the liabilities of the firm at \$2,000,000, but is quoted as saying that he hoped to pay "100 cents on the dollar, unless the governors of the exchange, who are looking into the matter, decide otherwise."

The feeling among members of the exchange is that Criss has been made to bear more than his share of the blame, and that all the participants ought to be punished for their part in the episode.

Affairs of all three firms involved—J. M. Plake & Co., and Lathrop, Hastings & Co., which suspended yesterday, as well as Roberts, Hall & Criss—are now being investigated by the Committee on Insolventcies of the exchange. But it is not unlikely that the situation may get beyond the jurisdiction of this committee, necessitating the appointment of a special committee with plenary power, such as was done in the Rock Island case.

In announcing the failure of Roberts, Hall & Criss, the president of the exchange said there were peculiar circumstances calling for rigid investigation. These circumstances, as Criss's declarations indicate, imply bad faith on the part of the old members of the so-called pool.

A petition to remove the stock of the Columbus and Hocking Coal and Iron Company from the list of the Stock Exchange is said to be under consideration.

NOTED AUTHOR TO WED DANCER. Broadway says Richard Harding Davis will marry Basile McCoy when He Gets Divorced.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Jan. 20.—[Exclusive Dispatch.] It was common report on Broadway, in theatrical and literary circles today that when Mrs. Richard Harding Davis secures her divorce from her author-husband, she will marry Basile McCoy, the "Yama Yama" girl. The famous writer and the dancer have been friends for more than a year, and yet their friends have thought that the friendship had deepened to a warmer feeling.

Miss McCoy is now at Miami, Fla. She is considered one of Broadway's best stage favorites, and her "Yama Yama" dance in a musical comedy production brought her into theatrical prominence, and made her the star of the company after the first night of the show.

SENSATIONAL CHASE. [ASSOCIATED PRESS NIGHT REPORT.] CHICAGO, Jan. 20.—Paul O. Stensland, former president of the Milwaukee Avenue State Bank of Chicago, and Henry W. Hering, formerly its cashier, who were convicted in connection with the wrecking of the bank, and the disappearance of \$1,200,000 of its funds, were paroled today.

Stensland, who was captured after a sensational chase extending across the Atlantic Ocean, into Europe, and to Morocco, has served three years, three months and twenty-four days. Allowing for good behavior, his time represents a sentence of four years, and the disappearance of \$1,200,000 of its funds, were paroled today.

When the resolution was presented tonight there was a storm of indignation over the alleged brazen attitude of the wealthy controllers of the meat output in the United States. Delegate George L. Dabney, who presented the resolution, was picked up and carried around the hall by the enthusiasts.

Plans are being considered by the city government to place certain sections of the city market houses at the convenience of the farmers in the district, and have them retail their meat product direct to the consumer, thereby saving the middleman's profit and giving the farmer a fair profit.

BANKERS PAROLED.

Stensland and Hering Released.

Hundreds of Victims Protest in Vain—Friends Fear Assassination.

Powerful Influences Have Been Working Since Sensational Crash.

Newspaper Man Who Chased Financier to Morocco Is Named Custodian.

[BY DIRECT WIRE TO THE TIMES.] CHICAGO, Jan. 20.—[Exclusive Dispatch.] Paul O. Stensland, wrecked of the Milwaukee Avenue Bank, and Henry W. Hering, his cashier, were today paroled from the Illinois Northern penitentiary despite the bitter protests of hundreds of victims and of Polish societies representing others who had been ruined by the crash.

Stensland and Hering had been sentenced under the indeterminate sentence law, which provided for from one to fourteen years, with a possible commutation for good conduct to six years and three months. The men have been in prison since September 24, 1906. Powerful influences have been at work ever since to secure their release, although they never came to the surface for identification.

The board ordered Stensland paroled to James Kealey, managing editor of the Chicago Tribune, who accompanied by Assistant State Attorney Olson of Cook county, went to Morocco and effected the fugitive's capture.

The failure of the Milwaukee Avenue Bank was one of the sensational in Chicago's history and was followed by a long train of death and disaster. Stensland and his cashier disappeared, leaving behind a trail of confusion and loss.

When he heard his savings had been wiped out, Stensland fled to Morocco, where he was captured by the police of Tangier and taken to the Detention Hospital, a hopeless man.

FEAR ATTACK. These were some of the results all could see, but over on the great north-west side, hundreds of small merchants were wiped out and thousands of poor persons lost all the savings of a lifetime in coming this year.

Had Stensland and Hering appeared anywhere in the district they would have been torn to pieces by the angry mob. The feeling against them, the same feeling still exists and the friends of the two men will take extraordinary precautions to prevent them being assaulted.

The pursuit and capture of Stensland was one of the sensational features of the affair. The bank failed early in August, and Stensland, with his family, fled to Morocco.

Stensland began his business career in Chicago in 1871, in a small dry goods business. He was then 24 years old, having been born in Stavanger, Norway, May 9, 1847. When 15 years of age he went to India and was a successful cotton buyer, traveling through Hindustan, Persia and Arabia.

From the dry goods business, he branched out into real estate and banking, and finally founded the Milwaukee Avenue Bank, a State concern. Before the crash came, the amount of alleged forged notes was said to have been \$1,200,000.

His bank was the favorite depository of people of small means, chiefly Scandinavians and Poles. When the bank closed a mob of thousands of frenzied depositors gathered about it and the police had hard work restraining them.

Without food, water or sleep, the pitiable creatures hung about the wrecked institution for two days and nights, until finally driven to their desolated homes by the police.

Frank Kowalski, the teller, who knew nothing of Stensland's pecuniary affairs, driven to madness by the taunts of the victims, went to his room and blew out his brains.

Stensland's personal life was laid bare at the trial and much was said about his relations with women. He was a widower. He played the races heavily and lost \$40,000 on one horse he owned. When captured three years ago, he had \$11,200 on deposit in a bank there.

years were unable to find her. The will which is causing all the furor in the Indiana capital is safely locked in a deposit vault.

The appearance of the second will favoring the estranged wife was a thunderclap for Rhodius's relatives and others who have led the attack on the woman and secured the marriage annulment. The only will filed for probate at the present time leaves \$500,000 to the city of Indianapolis for public parks, and a codicil gives Elma Dare \$50,000.

The second testament was drawn one month after Rhodius made the \$500,000 codicil in favor of Elma Dare, according to Michael Ryan, attorney for the woman. The codicil is revoked, it is said, and practically all of the \$1,000,000 estate is given to her.

AND COURT LETS HER.

GIRL WEARS CLOTHES, DOES WORK OF MAN.

Arrested in Trousers in New York and Says She Is English Army Officer's Daughter—Blames Woman Who Fell in Love With Her.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Jan. 20.—[Exclusive Dispatch.] A young person who has been masquerading as the son of Col. Hamilton-Gray, was picked up last night by Detectives McKenna and Canna and was locked up in the Mercer-street police station charged with violation of the corporation ordinance, which forbids a girl to wear man's clothes publicly. The magistrate discharged her on her own story.

The police had had for several days an "alarm" which called for a young man who had been posing as a member of an old English family, with various titled connections, and the possessor of \$4000 a year income, which, however, was shown to be a fiction.

On the strength of these and such like statements the young person went to St. George's Society at No. 106 Broad street and got L. D. Langley, the society's almoner, to provide a week's board at the Hotel Latham. This cost the society \$10.50. Next the prisoner went to boarding houses at No. 214 West Twenty-fourth street and No. 208 West Twenty-fourth street and stayed a while.

The young woman says she is Marian Hamilton-Gray. She adds that she is 19 years old and unmarried, and that she has no occupation. She was born in Persore, India, she says, the daughter of Col. Hamilton-Gray of the British army. Her father died when she was four years old and she was taken to England.

When she was ten, her mother also having died before that time. The young woman said that she did not know that she was violating any law or ordinance by her masquerade and added that she had worn men's clothes since she was ten years old, since she had left India—and that she was not really to blame for wearing them, anyway, since she was forced to do so by "circumstances beyond her control," which she declined to specify.

The young woman was chatty about telling much of her history, but volunteered that her present trouble was brought about through the machinations of "a woman up in the Newark Valley," who, she said, had fallen in love with her, supposing her to be a man, and had tried to marry her. Miss Hamilton-Gray had refused to marry the woman and had not revealed her sex, and the latter, she said, had been very much put out about it and even had gone so far as to threaten to kill her. "And all the time," Miss Hamilton-Gray says, "all I did was to treat her courteously."

In the night court Detective McKenna arraigned the woman, still in her man's clothing, on a charge of disorderly conduct. She told the magistrate that she had no particular object in wearing male attire and that she was "not responsible" for it. Magistrate Kernohan discharged her, and she walked away free to wear trousers.

WAR ON HIGH PRICES. MILLION AND HALF PEOPLE QUIT MEAT.

[BY DIRECT WIRE TO THE TIMES.] PITTSBURGH, Jan. 20.—[Exclusive Dispatch.] The most decisive action that has been taken against the meat trust and prohibitive cost of meat and living on the part of the workers and their families in the district comprising Pittsburgh and Western Pennsylvania was that of tonight, when the hundreds of delegates of the Iron City trades councils passed a resolution declaring a general "meat strike" in the entire district. This great movement is scheduled to go into effect immediately, and before twenty-four hours have passed it is estimated that over 1,500,000 of working and trades people will be depriving themselves of the luxury of meat.

When the resolution was presented tonight there was a storm of indignation over the alleged brazen attitude of the wealthy controllers of the meat output in the United States. Delegate George L. Dabney, who presented the resolution, was picked up and carried around the hall by the enthusiasts.

Plans are being considered by the city government to place certain sections of the city market houses at the convenience of the farmers in the district, and have them retail their meat product direct to the consumer, thereby saving the middleman's profit and giving the farmer a fair profit.

TAUGHT A LESSON.

House Minority Gets Check.

Regular Republicans Muster Strength and Force Caucus Programme.

Democrats Protest in Vain Against Dropping Rainey from Committee.

Action Eliminates Partisan Politics from Ballinger-Pinchot Inquiry.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Jan. 20.—The Republicans today mustered their entire party strength in the House and forced through their caucus programme eliminating Mr. Rainey (Dem.) from the Ballinger-Pinchot investigation committee. The vote was 198 ayes, 145 noes, 18 voting "present."

The House first voted down an amendment offered by Mr. Clayton (Dem.) Alabama, substituting Rainey for Lloyd, who had announced that he would not serve.

A caucus of the Democrats was called after announcement of the vote on the resolution to follow immediately after adjournment of the House today to determine whether the Democrats should decline representation on the committee. Of the eighteen members who answered "present," four—Mann (Illinois), McLaughlin (California), Lundin (Illinois), and Young (New York)—were regular Republicans. Cary (Wisconsin), Cooper (Wisconsin), David (Minnesota), Lombot (Minnesota), Lindbergh (Minnesota), Foutdexter (Washington), Madison (Kansas), and Nelson (Wisconsin) were reported "insurgents." Ashbrook (Cal.), Burleson (Texas), Carter (Oklahoma), Fox (North Carolina), Rainey (Illinois), and Webb (North Carolina), were Democrats.

Rothert (Dem., Pennsylvania) and Olmstead (Rep., Pennsylvania), were paired.

DAILEY STARTS PROGRAMME. Chairman Dailey presented a resolution of the Committee on Rules providing for an election by resolution of six members to represent the House on the joint committee to investigate the whole matter underlying the Ballinger-Pinchot controversy.

Representative Currier, chairman of the Republican caucus at the caucus offered the names of McCall of Mississippi, Olmstead of Pennsylvania, Denby of Michigan, Madison of Kansas, James of Kentucky and Lloyd of Missouri as members of the committee, all of them Republican caucus selections.

Insisting on recognition by the chair, Representative Lloyd announced that in the selection of Democratic members of the committee the caucus should be respected. Messrs. James and Rainey having been selected by the caucus for those places he declared he could not serve on the committee.

Representative Clayton made an impassioned plea for "fairness." "We Democrats," said Mr. Clayton, "concede to the Republican party the right to control this House, but we don't concede your right to dictate to the Democratic party how it shall conduct its affairs."

CLAYTON ELICITS LAUGHTER. Mr. Clayton's declaration that the Democrats did not wish to control the action of the majority brought forth laughter from the Republican side. His resolution to substitute Rainey for Lloyd was lost, 192 yeas to 147 nays.

Informal conferences early in the day between Democratic leaders in the room of Minority Leader Champ Clark of Missouri and between the Republican leaders in the room of Speaker Cannon had paved the way for the battle on the House floor, made inevitable by the action of the caucus last night in rejecting Rainey as one of the minority members of the investigating committee.

Although the Republicans retained Mr. James of Kentucky on the committee, the turning down of Mr. Rainey was condemned by the minority as hostile to the principle that the Democrats should not be interfered with in their selection.

Those who met with Mr. Clark were Messrs. James and Rainey, the Democratic caucus nominees. Lloyd of Missouri, chosen by the Republican caucus in place of Rainey; Underwood and Clayton of Alabama and Finlay of South Carolina.

The conference in the Speaker's room was attended by Representative Dailey of Pennsylvania and a number of others.

SUMMONS ALL HANDS. After the conference, Mr. Dwight of New York sent notice to all Republican members, regulars and insurgents, requesting them to attend the session and remain until the vote was taken.

The minority took similar action to muster its full strength on the floor. Mr. McCall asked to be excused from serving on the committee, on the ground that he had interests in mining properties.

Representative Cooper of Wisconsin, who bolted the Republican caucus last night, announced that he believed the Democratic party should

Wolgate-Nelson Go.

Not Absolutely Sure That He

But May Try to Force Battle
to the North.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Jan. 20.—(Exclusive Dispatch.) There is a good chance that the Nelson-Wolgate fight will be brought to San Francisco, although Sid Hester has not as yet received his desired permit in San Mateo county and frankly admits he is not sure what action will be taken. He has deposited his \$2000 with Stakeholder John T. Clark as a guarantee that he will pull off the fight on February 22. Both fighters have been notified, and Hester expects there will be no trouble in inducing both to post their money, which will bind the match.

It is true that Nelson, under the impression that Hester would be unable to secure a permit, wired Tom McCarty from Memphis last he would accept the Los Angeles date, but it is thought when he hears the San Francisco promoter has posted his money he will change his mind again.

This looks all the more reasonable, as Nelson has accepted \$1000 advance money from Hester, which he now has in his possession.

He is under obligations to the Mission Club man, and will possibly insist that Wolgate accept the proposition.

Hester's by no means certain he will be allowed to handle the fight in San Mateo county, but says he has two other propositions, so he is sure of a little ground.

He offered the right to hold the fight in Alameda, and, if he desires, can go in with Jack Gleason in building an arena at Ocean View, which could be used both for the lightweight and heavyweight championship bouts.

He would have without any assurance that he will be able to handle the fight, and all that is now required is the posting of money by the fighters.

FIGHTS NEXT WEEK.

MEMPHIS AND PICATO MEET.
Friday evening next, at McCarty's pavilion will be the occasion of placing on what seems to be one of the best average cards which the Pacific Athletic Club has staged for several months. The programme was completed yesterday, as follows:

George Memie and Frank Picato, ten rounds, 125 pounds at 8 o'clock.

Charlie Dalton and Al Rogers, ten rounds, 125 pounds at 8 o'clock.

Paul Roman and Andy Rivers, six rounds, 145 pounds.

Mary Kane and Gene McGovern, six rounds, 125 pounds.

This should give action in every fight, as all of the boys are in the form, and there should not be an idle moment from the first tap of the song.

Memie went on the road yesterday morning and performed in the East-side gym in the afternoon for fifty-five minutes, before five rounds with Chick Duffy. Picato did road work at Vernon, and later in the day exercised at Doyle's while boxing four rounds with Andy Rivers.

Chick Duffy is anxious to get on with some weightlifting, and is training daily with Memie, so as to get down to the limit. He seems to be going well, and he continues to improve, he may be put on with one of the local lads.

Andy Rivers will make his first appearance at night in two years when he hooks up with Roman Friday evening. Rivers' two battles at McCarty's resulted in a knockout each time for Rivers' opponent in the second round.

Bubbles Robinson wishes to get back in the ring again, and has asked the Pacific Athletic Club to match him with any boy 125 or 130 pounds in weight. Bubbles was quite a favorite with the crowd in times gone by, and the fans may be glad to see him in action again.

GOTCH LIMS JEFF.

THINKS LIKE A WINNER.
(ASSOCIATED PRESS DAY REPORT.)

NEW YORK, Jan. 20.—Frank Gotch, the world's champion wrestler, declared that Jeffries will outlast Johnson in their battle next July, and will win easily in a long go.

Johnson's defensive style of fighting will prove his undoing, says Gotch in a statement given out here today.

"Jeffries' endurance is as good as it ever was. The other day we wrestled for half an hour and he finished fully as strong as I did. I was able to pin him down, but once. This should show how great is his strength, because he knows little of the wrestling game."

"Two months ago I was one of the doubters. But I have grown to know that Jeffries is honest and determined, and is working as hard as any men can to get into shape, and he is getting into shape so rapidly that it surprises even his best friends. Jeffries not only will be right when the fight begins but the longer the fight goes on, the better chance he has will be."

Another for Houk.

LANCASTER (Pa.) Jan. 20.—(Exclusive Dispatch.) Willie Houk beat Johnny Mayo, another Philadelphia lad, in six rounds before the Lancaster Athletic Club tonight. Mayo was knocked down in the first, and took several hard smashes in the jaw in other rounds.

Unk Wins Easily.

PHILADELPHIA, Jan. 20.—(Exclusive Dispatch.) Unk Russell of Philadelphia came back strong at the Broadway Athletic Club tonight, and defeated Jimmy Dolan of Trenton, N. J., in a six-round bout. Unk was the aggressor throughout the fight and showed all his old-time aggressiveness.

HOLLYWOOD IS
BUSY AT BALL.

HIGH SCHOOL PLAYERS BEGIN
PRACTICE WORK.

Five Members of Last Year's Team Will Form Nucleus of Club for the Present Season—Capt. Linton Will Twirl Again and Valde May Be Behind the Plate.

Hollywood High School has started work on the diamond, and expects to put out a strong baseball team this spring. Five of last year's varsity men are working out, and there are a number of fast new men, who are eager for a chance on the team.

Capt. George Linton will be in the box again, and may be able to develop even better curves than he had last season. He has good control and enough speed in reserve to puzzle many scholastic batters. He is also a clever man with the stick, and led the team last season in hitting.

Valde will probably be behind the plate again. He is a steady player and knows what to base with the ball. He has had considerable experience at this position, and is qualified to play in the fastest scholastic company.

Taylor will very likely be shifted from third to second base, which position he is better qualified to handle. He is a fast player and should be much more effective in making plays from the second base sack than from the third. Taylor has been a reputation for long hits, and last season pressed Linton close for batting honors.

Four new men have equal chances for the outfield. They are Candy, Piester, Walton and Randolph. They are all good in the field, and the positions will go to the three with the best batting eyes.

GLEASON TO REMAIN.

PHILADELPHIA, Jan. 20.—After all, Gleason will be found with the Philadelphia National team next season. On second thought the club decided Gleason would be a good man to keep.

John Raley, who was expected to play left field, Magee being switched to center, was not pleased with the figures. The club gave the club a crushing blow at Terrasas. The victories of Lacy Panchita and Wander were particularly hard blows for the ring.

Summary:

Coast League Directors to

Kicked Out.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Jan. 20.—(Exclusive Dispatch.) Judge Graham, president of the Pacific Coast League, announced tonight the calling of an special meeting of the directors to be held next Monday at the St. Francis Hotel.

The outside directors including McCredie of Portland, Berry and Maier of Los Angeles and Vernon and Graham of Sacramento have been notified by wire of the directors' meeting.

One of the important matters to be taken up by the directors will be the adoption of a playing schedule for the season and the calling of the game on whether the "Coast League" will open in Oakland on Thursday afternoon.

This change has been suggested in order to allow the State League to open in San Francisco each Thursday afternoon and to allow the Coast League to open in Oakland each Tuesday afternoon.

It is not likely that the question of deposing D. W. Long as secretary of the league will be taken up, as it was originally suggested by Henry Berry, who will be raised. If it is, Long has sufficient support among the directors so that he will not be disturbed.

I am very strong for Long as secretary," said Judge Graham last night, "as I know him to be the best man for the position. There is no danger that he will be deposed, and I do not look for the question to be raised at the meeting."

TO CURB COACHES.

LYNCH INTENDS TO ACT.

President Thomas L. Lynch of the National League will offer an amendment to the code which will prohibit coaches from coaching in the amateur leagues. Lynch, who is in charge of the track team at the Georgetown University, who, up to last summer, coached the "Tiger" team, also looks upon Pendleton as one of the coming champs, but does not go so far as to predict a record of 22-2-2 for the 228. He has the ideal built for a sprinter, standing five feet nine inches in his socks and weighing in the neighborhood of 180 pounds.

JOHNSON'S WHEELS FLAT.

BASKETBALL GAMES.

Championship Meet is to Be Held in New York in March—Outsiders to Be Assisted.

(ASSOCIATED PRESS DAY REPORT.)

CHICAGO, Jan. 20.—Charles A. Deas, chairman of the National A.A.U. Championship Baseball Committee, announced yesterday that the unlimited championships would be held at the First Regiment armory, March 17, 18 and 19.

As an incentive to bringing the best teams together at this meeting, Deas has offered to pay part of the expenses of the Montreal five, champions of the world, the Birmingham, Ala. team, one of the strongest aggregations in the south; the Salt Lake Y.M.C.A., which has had an unbeatable team in the last few years, and the San Francisco Athletic Club, which is representative of the strongest teams on the coast.

POSSIBILITY.
GREAT RUNNER IS DISCOVERED.

EASTERN EXPERTS HAVE A NEW WONDER IN SIGHT.

Belief Exists That Young Freshman Now at Princeton Will Be Able to Break All Existing Records at the Sprint Distance—Has Been Hunted Yards in Ten Seconds.

For years the possibility of any sprinter ever running 100 yards in 9-5, unless greatly aided by the wind on a down grade, has been the medium of long dissertations by scientists, former athletes and athletic critics alike. Some few there are who will admit that it can be done, but a vast majority of them declare that 9-5 is about the limit.

Now appears three men, all of them well known to the athlete-loving public, and at least two of them in a position to give weight to their words, who declare that Princeton University at this present moment harbors a kid who, given time, should lower the time first made by Arthur Duff.

T. T. Pendleton of Berkeley Springs, Va., a freshman at Princeton, is the prospective record breaker, and Jim McCormick, head coach of the Princeton football team last year, and one of the greatest full-backs the game has known; "Pop" Lannigan, trainer at the University of Virginia, and old Bill Foley, who is in charge of the track team at the Georgetown University, are his sponsors. All Copeland, who, up to last summer, coached the "Tiger" team, also looks upon Pendleton as one of the coming champs, but does not go so far as to predict a record of 22-2-2 for the 228. He has the ideal built for a sprinter, standing five feet nine inches in his socks and weighing in the neighborhood of 180 pounds.

OLD JOHN L.
IS GROUCHY.
Says If Jeffries Wins Big Fight
Victory Will Prove That
It Is "Fixed."

BY DIRECT WIRE TO THE TIMES
TOLEDO (O.) Jan. 20.—[Ex-
clusive Dispatch.] John L. Sul-
livan broke his long silence to-
day at Sandusky and gave his
views on the Jeffries-Johnson
fight. Sullivan says Jeffries can
never come back, and the fight
will be fixed if Jeffries wins.

"I speak from what I know of
the game," says Sullivan. "I
lasted twenty-one rounds with
Corbett and then gave out. It's
the winning and dining that ruin
the stomach, and the stomach
counts in a fight. I have the
evidence of this fight. It will be
the pictures that count, and to
make these pictures valuable the
white man must win. You don't
suppose the spectacle of a
black man knocking out a
white man will appeal to the
white folks, who are the ones
who support the fight picture
shows."

COACH GORTON RESIGNS.
Head of Tiger Athletics Decides to
Quit Sidelines and Take Up
Business.

Coach Frank B. Gorton of Occidental
has resigned his position as head
of the Tiger athletic department.
The resignation will not take effect
until the end of the college year, when
Gorton expects to leave for the East,
where he will go into business. Both
track and baseball squads will con-
tinue hard work under Gorton's coach-
ing during the coming seasons.

While it has been currently reported
for some time past that Gorton con-
templated returning to the East, his
resignation comes as a surprise, and
will be received with regret by Occi-
dental students and supporters.

Gorton has coached the young Tigers
for the past two years, leading his
squads through fairly successful sea-
sons. But when President Baer asked
him to remain for another year, he
announced that a decision made last
fall still stood and that he would re-
turn to the East this summer. He
plans to do no more coaching on the
Pacific Coast.

At present President Baer has no
one in mind to fill the position left
vacant by Gorton's resignation. Imme-
diate steps will be taken, however, to
secure a strong coach for the impor-
tant position as soon as possible.

SATURDAY CONTESTS.
SOUTH PASADENA'S FIRST TRIAL.
The track teams of South Pasadena
High School and of Hollywood High
School will hold a dual meet on the
Hollywood field, next Saturday after-
noon, beginning at 2:30.

South Pasadena has never done
much in track work, but the increas-
ing number of athletes has made a
track team desirable, and the men
will make an initial appearance this
week.

brough, won the semi-finals today in
the championship golf series being
played in the fifth annual tournament

sociation, at the Ingleside links.

They divided honors in driving, ap-
proaching and putting, and there was
but one stroke difference in their
scores in the qualifying round. The
tournament will continue during
the week.

ruary 13, and will parade in honor of
the uniform rank, which will be or-

SURE GO.
MOTORDROME
PLAN CERTAIN.
Moskovics Here With Plenty
of Cash in Sight.

Dream of Designer Prince Is
Soon to Be Realized.

World Records to Be Cracked
to Bits on Boards.

Frederick E. Moskovics, the man
who is to advance the money to build
the Los Angeles Motordrome, is in this
city. He came here yesterday direct
from New York, and before he had
been in Los Angeles three hours the
deal for the big venture had been
clinched. Moskovics is to advance half
of the cash and other Los Angeles
capitalists are to put up the balance.

Final plans are made. The Motor-
drome is to be built and the dream
of Jack Prince is to be realized. A
mile board track, erected at a cost
of thousands of dollars, on which the
greatest automobile drivers of the
world are to race, is to be built be-
tween Venice and Playa Del Rey, and
only a short distance from Redondo.

When Jack Prince told of the plan
there were those who believed it vi-
sionary. Now that the site has been
selected and the money is in the bank,
the jingle of the cash is evidence of
the intentions of those who are behind
the gigantic scheme.

Los Angeles is to become the great
automobile racing center of the West.
Ralph De Palma, George Robertson
and Lewis Strang have all been signed
for the first big race meet to be held
on the Los Angeles Motordrome, be-
ginning April 7. The track is to be
completed by April 1.

Jack Prince is in San Francisco. The
lumber has been purchased and con-
tracts for the Motordrome are to be
set at once. Work is to begin within
a few days and this city is to have
one of the greatest tracks in the world
near her outskirts.

WELL-KNOWN DRIVERS.
Before leaving New York, Moskovics
signed De Palma, Robertson and
Strang to appear in Los Angeles in
April. Each of the great drivers is
to bring his car here for the meet.

Robertson will have his giant Sim-
plex, Strang his "Baby" Fiat, and De
Palma his Fiat "Cyclone." With this
 trio of world beaters, the race meet
should be the greatest ever held.

Seven days of racing is to mark the
opening of the big track. The first
race will probably be pulled off the
first Friday in April, and racing will
be held the following Saturday and
Sunday. On the next Wednesday speed
trials will be held, to be followed again
by three other days of racing to con-
clude the big meet.

All world records should be smashed
on this track. The mile mark of 28,
made at Atlanta, should be broken, as
one's diet.

The effects of universal communica-
tion are nowhere more obvious than
on the luxurious table. To furnish the
refined cuisine, all climates, both sea
and land, are laid under contribution
and the stomach is expected to digest
without assistance everything that is
put into it. Combining together such
varied products and the neglect of
the relation between climate and
foods, are very active causes of dys-
pepsia.

The heavy substantial dishes of this
climate accord badly with the ther-
mometer at ninety degrees, and an
inflexibility in regulating the kind and
quality of food is a cause of a
large proportion of the ill health and
stomach troubles among the English
and Americans.

Thousands of people who have suf-
fered from stomach troubles, and a
general ill-health resulting therefrom,
because of a badly regulated diet, and
the ingesting of an excessive amount
of food at the table, have obtained
speedy and permanent relief by means
of a simple expedient—that of using
one or two of STUART'S DYSPEPSIA
TABLETS after each meal, or when-
ever any of the well-known symptoms
of indigestion are present.

These powerful, digestive tablets
contain every element that exists in
the stomach to digest the food, and in
the exact proportion as found therein.
They take the place of the natural
digestive juices when the latter are
deficient in quality or quantity, and
do their work for them, removing the
indigestion by digesting the food, and
restoring, strengthening and purifying
the digestive tract.

There is no other digestive remedy
on the market which has been found
equal to Stuart's Dyspepsia Tablets;
none which is so rapidly and power-
fully efficient, or which removes dis-
comfort, banishes stomach-pain and
relieves and cures all of the symptoms
of dyspepsia and indigestion in so
thorough and pleasant a manner as
these marvelous little tablets, a single
grain of which is capable of digesting
3000 grains of any and every kind of
food.

All persons who are annoyed with
stomach troubles of any kind should
use Stuart's Dyspepsia Tablets, which
will remove such troubles in a very
short time. Purchase a box from your
druggist, and send us name and ad-
dress for free sample. Address F. A.

DUMB BRUTE LOVE.
DRAMATIC SLED RACE WON
THROUGH DOG'S DEVOTION.

[BY DIRECT WIRE TO THE TIMES.]
TACOMA, Jan. 20.—[Exclusive Dis-
patch.] Nome cables dated today
say that the Solomon Derby, the
first big event of the Nome dog racing
season, contested yesterday, was won
by "Scotty" Allan, a famous musher,
who won the great Alaska Sweepstakes
races last spring. The time made over
the course of seventy-eight and one-
half miles was six hours, fifty-one min-
utes and fourteen seconds. This low-
ers last year's record by more than
fifteen minutes.

A dramatic event added still more
significance to the finish that already
was thrilling because of the close con-
test. Allan thought one of his sled
runners was breaking, and leaned far
over to look at it. The sled veered,
dashing Allan's head against an iron
telegraph pole. The driver was
knocked unconscious. The team went
but a short distance when the faithful
leader turned back, and going to his
master's side began to flick his face.

Upon recovering, Allan gamely took
up the run again, notwithstanding the
fact that he was seriously injured and
a great gash in his temple needed im-
mediate attention. He finished well
ahead of the team next behind him.
The prize for second place was cap-
tured by Gossak, a Russian, who drove
a team of Siberian wolves.

companied by Mrs. Moskovics and
their little daughter.
"This track is to be built," said Mos-
kovics last night, "and the greatest
race meet ever held is to be pulled off
here in April. We will have all the
fast drivers and all the big cars. Barney
Oldfield may race here also, and if
he does, Barney must look well to
his laurels, because he will have to
drive to win from such men as De
Palma, Robertson and Strang. Every
race is to be a race."

"The track is to be the fastest in
the world. I know records will be
broken, and I know the public will
get its money's worth. We will make
Los Angeles the greatest automobili-
racing center in the world."

OUT, IN, AND OUT.

Japanese Bank Cashier, Alleged Per-
juror, Furnishes Bail, Is Rearrested
and Raises More Money.

M. Takekawa, cashier of the defunct
Japanese-American Bank, First and
Wilmington streets, was released from
jail in Santa Ana yesterday, on \$5000
bail. He had been held there on a
warrant sworn to by the Sheriff of
Orange county, charging him with
perjury, and he was forced to remain
in prison nine months before friends
could raise the cash bail money.

As soon as Takekawa reached his
home at No. 1229 West Jefferson street,
he was rearrested by a detective,
charged with receiving money from a
depositor when he knew that the bank
for which he worked was insolvent.

Bail was fixed at \$1000 on the latest
charge. This he produced, and was
released.

The second arrest is understood to
have been made in order to keep the
cashier in the city for further proceed-
ings in the insolvency suit against the
Japanese bank, but his valuable resi-
dence and real estate holdings are now
believed sufficient to hold him.

A crowd of enthusiastic Japanese
waited outside the City Jail for Take-
kawa, and gave him an ovation when
he was released.

Improvement Association Hears Details
of Proposed Rapid Transit Railway.

Cars to Turn at Plaza.

Horace M. Dobbins, president of the
Pasadena Rapid Transit Company, ap-
peared before the North, Northeast and
Northwest Improvement Association
yesterday, in the Chamber of Commerce,
and delivered a lengthy address upon
the subject of the proposed subway
between the two cities. A committee
of the association has recommended an
site for a terminal in the north end
of the city, but the location is not
settled.

It was reported that the city will
at once correct the grade on the east
side of the Plaza, and that the Los
Angeles Railway will be running its
cars around the Plaza, instead of
around Temple Block, within three
weeks.

The matter of compelling the Pacific
Electric company to run its West
Temple-street cars from Broadway to
Spring street, instead of down Broad-
way to First, will be taken up before
the Public Utilities Commission on
Monday.

The committee having in hand the
movement to have the name of Sunset
boulevard extended to the ocean, re-
ported that it was the present intention
of the Highway Commission to merge it
into Wilshire boulevard, at a point
about one-fourth of a mile west of
Severly, but they will continue efforts
to have it changed to Sunset boulevard
the entire distance.

A committee was appointed to take
up the billboard nuisance. In con-
junction with a like committee from
the Federated Improvement Associa-
tion.

Lawrence Holmes addressed the as-
sociation upon the subject of canal and
harbor expansion in this area, and the
committee appointed several weeks
ago, was continued.

A committee was appointed to in-
vestigate the status of the proposed
form-drain on Alameda street, and
take the matter up with the Sewer
Committee of the City Council.

After discussion, it was decided that
the opening of New High street
through to First, was impracticable and
the matter was abandoned.

The attendance at the meeting yester-
day was unusually large, and the dis-
cussions were characterized by a goodly
amount of "ginger," indicating a
lively interest in the doings of the
body.

ALLOWANCE BY COURT.

In the case of Henry A. Crocker against
Hedwig Crocker for divorce, Judge
Houser yesterday allowed the wife
alimony of \$25 a month, attorney fees
of \$50, and \$25 costs, pending the hear-
ing of the action. The wife has filed
a cross complaint. In the suit of Alice
J. Eldridge against J. A. H. Eldridge,
the wife was allowed \$1 a week al-
imony, with costs and attorney fees.

Maltreatment by the police, which
aroused the indignation of a barbershop
yesterday, during the examination of
Charles Williams, a negro, on a charge
of having assaulted Patrolman E. E.
Sanders with a deadly weapon, De-
cember 12. He started to investigate
when a negro came running toward
him. He ordered him to stop and was
shot in the hip. He fired on his assailant
and struck him in the heel. Al-
though painfully wounded, he pursued
the negro and arrested him. The
prisoner proved to be Williams.

Friends of the negro allege that he
had been drinking and that he mis-
took the officer for a highwayman and
thought he was protecting himself
when he shot the patrolman.

The examination was held before
Justice Frederickson. All of the evi-
dence was submitted, but the decision
was reserved until this morning.

Released on Bail.

John Brink and N. R. Webster yester-

\$1500 for the appearance of Robert
E. Hawkins, an "Eik" in Justice Rose's
court for examination on a charge
of assault with a deadly weapon, today.

score of burglaries during his trial
at several thousand dollars.

TERM TRIAL CALENDAR.

The term-trial calendar will be called
next Monday morning in the United
States District Court. Owing to the
length of the land fraud case, a num-
ber of criminal matters have awaited
disposition for several months. Judge
Webster, who presided at the trial
just closed, has been unable to give
any time to several important civil
cases which are pending in the United
States Circuit Court.

He had a remarkable career in the
railroad world, in which he forced the

largely because of his originality in
publicity.

With his wife, he came here several
months ago, hoping that the change
in climate might benefit his health, but
it did not have the desired effect. He
had been confined to his home at No.
842 Illinois street since October, and
had grown despondent.

Mrs. Burr went downtown to do
shopping shortly after noon yesterday.
He was missing when she returned
some about 4 o'clock. She called to
him, but received no response. Then
she made a search through the house
and found him lying on the floor, with
his head under the bathroom door.

was a gaping wound in his throat. The

FINAL CHEERS FOR AVIATORS.

Paulhan and Curtiss Divide Get-away Honors.

American Shows His Latent Possibilities.

Hamilton Breaks Shaft High in Air, But Lands.

Louis Paulhan received the final cheers of the crowd of spectators at Aviation Field, just before dusk yesterday afternoon, when he remained in the air until it was no longer possible to see, and saw his rival, Glenn Curtiss, forced to the ground with a broken shaft. The flight was the first of a series of three, and was the most important of the day. A half-hour earlier, Curtiss received the plaudits of the multitude in his first real trial of the meet, when he gained consistently on Paulhan, who had started several laps ahead of him, and made fair to overhaul him if darkness did not prevent.

It was Curtiss's first flight for endurance, and he showed that he could keep up the long grid, if he so desired, and go more speed out of his engine than the Frenchman. Had the performance come earlier in the week, Curtiss would have been a hero, but yesterday his longest journey was ten laps, and he had gone that distance but twice, on other occasions confining himself with going over the course only two or three times in a day.

Curtiss showed yesterday that he could have been a star in endurance and cross-country flights had he been so minded. He met with some average conditions late in the afternoon, and handled his machine with consummate skill. He turned thirty-three laps, plus in 28m. 5s. and in that time did nearly as much flying as he had done in the entire meet previously. In doing so he won the second prize for endurance, forcing Hamilton to third place.

ACCIDENT SPOILS IT. Had Curtiss not been compelled to descend because of the accident, he could have made an excellent mark for himself. As for speed, with his light racer, he showed up the Frenchman in his big drag-horse craft, and whenever he passed he made several standing still.

Curtiss's best lap was his third, which he made in 2:14 2-5, and he might have made a high total for the ten laps had not the accident intervened. In the back stretch and cut down his mark. At that he was less than twenty seconds back of the record for the ten laps.

Paulhan had asked Wednesday night that he wished the timers to be on hand Thursday at 12 o'clock for trial for endurance and time and the Michelin prizes. But Paulhan failed to show up, although he made several verbal for his flight, and he did not get away until 2:27 o'clock, and it then was too late for him to break records. Curtiss did not get away until 2:42 1-5 o'clock, and it was also too late for him to try for a record except for his own mark on the course.

Charles K. Hamilton won the applause of the crowd by getting out as early as possible. He made several flights to get his engine working properly, and just as he was about ready to make a trip he landed in the barley field and jerked his guy-wires loose. He spent some time tightening his machine.

Hamilton finally got away, and reached a height of 625 feet, and then set off in a cross-country flight, and reached a point over the field. In returning he broke a crank-shaft, and had to shut off the engine, and he landed safely from a height of 200 feet, at which point his engine was injured.

The judges are scheduled to meet tonight at 9:30 o'clock, to the Alexander Hotel, and go over and approve or revise the figures recorded by the secretary to the judges. The unofficial data, as taken from the first draft of the figures, include the following:

FOR HEIGHT.

Charles K. Hamilton—Ascertained at 4:40 o'clock. Greatest height at 12 o'clock trial for endurance and time and the Michelin prizes. But Paulhan failed to show up, although he made several verbal for his flight, and he did not get away until 2:27 o'clock, and it then was too late for him to break records. Curtiss did not get away until 2:42 1-5 o'clock, and it was also too late for him to try for a record except for his own mark on the course.

Charles K. Hamilton won the applause of the crowd by getting out as early as possible. He made several flights to get his engine working properly, and just as he was about ready to make a trip he landed in the barley field and jerked his guy-wires loose. He spent some time tightening his machine.

Hamilton finally got away, and reached a height of 625 feet, and then set off in a cross-country flight, and reached a point over the field. In returning he broke a crank-shaft, and had to shut off the engine, and he landed safely from a height of 200 feet, at which point his engine was injured.

The judges are scheduled to meet tonight at 9:30 o'clock, to the Alexander Hotel, and go over and approve or revise the figures recorded by the secretary to the judges. The unofficial data, as taken from the first draft of the figures, include the following:

FOR HEIGHT. 3200—Louis Paulhan, 4165 feet, first, 12:00—Charles K. Hamilton, 425, second.

Newsy Happenings South of the Tehachapi.
NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

SANTA ANA, Jan. 20.—After weeks of dickerings with the owner, the Santa Ana Board of Education has given up hope of reaching an amicable settlement for a site wanted for a new schoolhouse, and today the school board brought a suit of condemnation. The defendant is Mrs. Katharine Rupert Paxton, a San Francisco school teacher. The court is asked to condemn 3.52 acres at the southeast corner of Rose and Seventeenth streets, being part of a ten-acre walnut orchard.

The school board began negotiating for this site early in the fall. An offer of \$500 was made Mrs. Paxton, who arrived here a few days ago to meet the school men. At that time the property was acreage property. While negotiations were under way Mrs. Paxton had the tract platted and filed her map showing it as lot property.

BOOSTERS.
PLAN CAMPAIGN FOR BRAWLEY.
THE LAND OF THE FOUR C'S IS TO BE WELL ADVERTISED.

Every Resident from Men of Affairs to School Children, Will Sound the Praises of the Country of Cotton, Corn, Cantaloupes and Climate. Buttons Designed.

BRAWLEY, Jan. 20.—A publicity campaign which is to take into service every resident of Brawley, from men of affairs to school children, is to begin next Saturday, and to continue indefinitely. The citizens have adopted blue and orange as the colors for Brawley, and these are to be used on every possible occasion. A group of some of the handsomest buildings and typical scenes of this vicinity has been arranged for the back of correspondence papers, printed in blue and orange. Twenty thousand letter heads and envelopes of this style will go into use Saturday, being issued by every business house in the town.

A Brawley button, with a typical view surrounded by the words: "Cotton, Corn, Cantaloupes and Climate," has been designed and manufactured by the thousands. The school children on Saturday will have a button sale day, and the proceeds will go into a park improvement fund. Every citizen is to be urged to wear Brawley buttons on all occasions, both at home and abroad.

The Imperial Investment Company, which has recently purchased the Brawley Town and Improvement Company, plans for the extensive advertising of Brawley by newspaper and magazine. The company also contemplates an outlay of about \$75,000 in the near future.

The past six months have brought about a transformation in the aspect of the business district, handsome brick buildings having replaced the smaller frame structures of the pioneer period.

RAILROAD IMPROVEMENTS.
The Southern Pacific has prepared plans for the erection of new passenger and freight depots. The former will provide two waiting rooms and all modern improvements, and the freight depot will contain ample freight storage and office rooms for the clerical force. The railroad business at Brawley has almost doubled during the past year.

Brawley is offering for sale an issue of \$40,000 in first mortgage bonds for the purpose of acquiring a water system and sewers. Plans will be opened on February 1.

Large areas of new land in Water Districts Nos. 5 and 8 and in the new North End Water District are being placed under cultivation this winter. A large acreage will be planted to cotton.

OPERATES LINE, NO FRANCHISE.
CITY MAKES BELATED DISCOVERY OF THE FACT.

SANTA ANA, Jan. 20.—It is asserted that the San Bernardino Valley Traction Company has for several years been operating a lucrative extension of its system over the streets without a franchise, and that through this means the city has lost heavily in fees. The discovery is made on the heels of the company having refused to pay in full the city's claim for license assessments on its regular franchise. Instead of \$97.42 it sent \$562.31. The tangle seems likely to result in a lawsuit.

The extension which the company is declared to be operating without a franchise follows the old Harlem motor route, on the east side of town. The traction company bought the motor franchise, but that provides merely for the operation of a steam road, on a narrow gauge.

SETTLES FOR LIFE.
Attorney Charles L. Allison, representing Mrs. Daisy A. Hale, received this morning a check for \$15,529.83, as a final settlement of the damage suit brought against the San Bernardino Valley Traction Company for the death of Edward A. Hale, the plaintiff's husband. Hale was killed three years ago in a collision between cars on Chinatown hill. The suit was remarkable as the company admitted negligence and made only a fight to reduce the judgment. The jury awarded \$15,529.83. The company appealed, and lost out before the Supreme Court.

MAD DOG SCARE.
The Board of Health adopted strong resolutions today, requesting the City Council to immediately adopt an ordinance compelling owners to muzzle dogs and to appoint a poundkeeper with instructions to destroy all dogs running loose. This action is taken in accord with the attitude of the County Medical Society, which is exercised over the mad dog scare which is now terrorizing Redlands.

Citizens are up in arms against the attitude of meat prices. Petitions are being circulated, pledging people not to partake of meat for a month.

PARK PROPOSITION SUBMITTED.
Ontario Chamber of Commerce "Puts It Up" to the Trustees—Water Question Deferred.

ONTARIO, Jan. 20.—At the meeting of the Trustees last night, President Freeman of the Chamber of Commerce submitted the park proposition. An option has been secured on the Country Club block, and the seventeen and one-half-acre Turnbaugh tract on the south side, for \$23,500.

Trustee Selig asked how the residents of various sections of the city who have been warring so fiercely should vote when it came to a call for bonds. R. H. Hannah said the south side would vote solidly for them. His statement was seconded by Councilman Spencer, who resides in that section. President Freeman said he finds that east side, who fought strongly for the Flote Villa tract, also in favor of the proposition, now that the old Country Club building will be used for a city hall.

Councilman J. V. Caldwell called attention to the water question. He said that after a consultation with B. E. Swan, chairman of the Water Committee of the Chamber of Commerce, they had concluded to advise the board to advertise for bids to furnish an additional supply. In regard to the proposition made by the Ocean View Water Company, it was shown Mr. Stewart has not guaranteed the proposition presented to the board by Secretary Greenleaf, as requested by the Council. The Ocean View people offer to sell the city control of the stock in their company, which is well equipped with a model pressure pipe line, for \$15,000. Action was deferred and more can be heard from the company.

A petition signed by residents of West A street asking permission to connect a two-inch pipe with the city main and extend it for a distance of 1000 feet on H street from Euclid avenue was granted with the condition that with each private connection to the line, one-fourth of a share of San Antonio Water Company stock be turned over to the city.

A new contract for city lighting rates has been entered into by the Ontario Power Company. Under its terms the lights are to cost the city \$2 per month for power generated by water, and \$4.50 when generated by steam. This is for five nights, no light when it is moonlight. Continuous service every night will be \$2.50 for power generation, \$3 for steam. Incandescent are fixed at 16 candle power, 80 cents per month; 22 candle power, \$1 per month.

The afternoon session of the High School was dismissed yesterday to give teachers and pupils a day to attend the funeral of Daniel Hayden Taylor, brother of Principal Jefferson Taylor.

RIFLES' VICTIM DEAD.
Boy Hit by "Splashed" Bullet Wednesday Night Succumbed—Probably No Prosecution.

George R. Wilson, 14 years old, died early yesterday morning at the California Hospital as a result of a wound sustained Wednesday evening when a rifle was discharged during a quarrel between G. Howard Grannis and Lemuel Grant, a negro.

Surgeons at the Receiving Hospital, who operated on the boy, declared from the first that there was little chance for his recovery, but exerted all their skill to save his life. A physician relieved him with him until life became extinct, yesterday morning at 4 o'clock.

The coroner will informally investigate the case today. Grant was held in the County Jail, will probably not be prosecuted in connection with it. It is likely that he will have to pay a charge of having violated his parole from the Juvenile Court.

Young Wilson was the son of E. M. Wilson, a retired drug manufacturer, residing at No. 927 Normandie avenue.

WIFE NEMESIS
FOR ELOPERS.Husband in Jail, Young Girl
Has Relented.Mendocino Merchant Says He
Was Driven Away.Held on Telegraphic Charge
from Oakland.

Robert E. Caldwell, owner of a large general merchandise store in Mendocino, this State, was arrested last night at the Lankershim Hotel, where he was living with Hazel Woodward, 13 years old, member of a prominent family in Fort Bragg, Cal.

Caldwell is charged with deserting his wife and child in Mendocino in order to run away with Miss Woodward.

Captured Elopers.

Miss Hazel Woodward of Fort Bragg, who doesn't like to show her face, and Robert E. Caldwell, a Mendocino married man, with whom she traveled.

who has been studying in the German Hospital Training School at San Francisco. No charge has been preferred against the young woman, who is already tired of the gay life and has wired to her father asking for forgiveness and a return ticket.

She was allowed to sleep outside the Police Station last night after care was taken to keep track of her until her father comes for her. He telegraphed from there. Shortly after Detective Jones and Boyd had arrested the couple, another telegram was received at the central detective bureau, which carried additional information against Caldwell. Dist. Atty. Duncan of Mendocino county, wired.

On the affair of Robert E. Caldwell, he is wanted on charge of passing checks on a bank where he had no funds, and many other charges.

QUARRELS WITH WIFE.

The prisoner left Mendocino more than a week ago, after he had quarreled with his wife. He amused himself in San Francisco for a few days and then appeared in this city, but the license has never been used.

When questioned at the Police Station, Miss Woodward appeared calm and said that she knew when she left for this city that Caldwell was already married.

"What did he get the license for—a stall?" asked a detective. The young woman giggled hysterically and then said "Yes."

She is the daughter of J. A. Woodward, a prosperous ranch owner and real estate dealer at Fort Bragg. So far as can be learned the girl has shown no wayward tendencies prior to her running away with Caldwell.

Caldwell attributes all of his troubles to "a nagging wife." He said last night that he left home and went to San Francisco after his wife had made his home life unendurable and had dared him to leave home.

JUST FOR A LARK.

"I had no intention of running away with Miss Woodward until we had been around together for a day and then we thought it would be sort of a lark to come down here. She knew that I am a married man, and I had no intention of becoming a bigamist. I just wanted a good time. I am glad the girl can return to her father," said
